The usual variety of communications was received from the various school districts.

The Twenty-fifth thinks the city would do well to buy a lot of 100 feet by 328 in Richmond street, for school purposes.

A memorial was received from the Association

of Friends, a king for more evening schools for the benefit of colored children, of whom there

are 25,000 in the city.

Mr. Clark stated that he had advertised for applicants for teachers of colored youth, and that not a single reply had been received. The above communications were referred,

That a warrant for \$4500 be drawn in favor of W. W. Smedley for the purchase of property at Whiteball,

The entire report was adopted. A debate now ensued relative to the discrepancy between the appropriation for the erection of the school-house at Sixth and Coates streets and the actual cost thus far assumed. The subject ultimately was referred to the Committee on Property, with instructions to report within

A resolution ordering the payment of salary to Misses Crawlord and Walton, teachers of colored schools, was introduced.

It struck the key-note to a long debate, but the resolution finally passed.

A motion was made that the Secretary give all facts in the case of Misses Addridge, Crawford, and Walton. The year were 16; nays, 6. The resolution, therefore, was adopted.

No other business of public interest was transacted. Acjourned.

A CHAPTER OF ACCIDENTS .- Quite a number of accidents happened to citizens yesterday. First and foremost, the City Solicitor was notified yesterday that the Supreme Court would not meet to-day, in consequence of the indisposition of Judge Read, caused by a fall. The Judge, while crossing the street, slipped and fell, injuring his leg so much that he will be confined to the house for several days. Fanny McCracken, forty-four years old, who

resides in Jamieson street, between Seventh and Eighth streets, while crossing Moss street, at Eighth street, yesterday, was run over by a back and severely injured. She was removed to the Hospital.

A boy named Vanmeter was seriously, if not

fatally injured yesterday alternoon, by being run over by the cars at the Reading Railroad and Thompson street. He was taken to the Episcopal Hospital. He resided at Girard

Yesterday, a lad named Samuel Williams, thirteen years old, had a thigh broken, while near Fifth and Wainut streets, by slipping on and falling upon one of the rails of the car track. He was playing with a ball at the time. Andrew Colwell, thirty-five years old, a resi dent of Haddington, was run over by a cart yesterday, and had one of his feet crushed. He was taken to the Pennsylvania Hospital.

ARREST OF BURGLARS .- We published in our Monday's issue an account of the robbery of Henry John's tellor shop, at No. 934 Passyuuk road. Nearly the entire contents of the store were taken away, and such a thing could not readily have been accomplished by strangers without attracting attention. Having obtained a clue, it was followed up until the place of concealment of the goods was located. This place was watched, and on Monday evening, Maddon, a hack driver, who will be referred to here, called and satisfied himself of their safety. He was permitted to depart, as to have arrested him then would have destroyed the intentions of the officers. Last evening the patience of the officers was revarded by the appearance of Maddon, Harry Hill, George Brown, and Bob Dickinson, who brought a carriage to take away the goods. Chief Lamon and Detectives George H. and Charles S. Smith

secured these parties.

Detective Targart arcested Matthew Gibson about the same time, for being engaged in the burglery. Nearly all the goods stolen were re-

REPAIRING HIGHWAYS .- The Committee on Highways, at their meeting yesterday, agreed upon a resolution asking Councils to-morrow for a special appropriation of \$50,000, for repairs to roads, colverts, bridges, and injets, made and to be made in consequence of the late storms which occurred during the recess of Councils.

Of the foregoing sum it is proposed to appropriate \$25,000 for the repairs of streets, \$10,000 for bridges, and \$5000 for the construction of new juleir.

UNIVERSITY OF PENNSYLVANIA (DE-PARTMENT OF ARTS.) SEFFEMERA, 1897.
The Trustees of the University have authorized the Faculty of Arts to make certain changes in the course of studies required for the Degree of Eachestor of Arts. This will enable all, who desire such a liberal educa-tion, as will in them, whether for propessional or other pursults, to seeme it, under a plan of ELECTIVE STUDIES, which will offer to the student all the ad-vantages either of the system which formerly ob-lained, or of that generally regarded as the more prac-lical.

vantages either of the system which formerly obtained, or of that generally regarded as the more practical.

While all the advantages of a thorough scientific and clarateal course will be contineed, as heretofore, to those who desire it, the new plan provides that the student, at the beginning of the Junior year, may elect, in the piace of advanced Greek and Latia studies and the higher branches of Mathematics and Physical Science, a more extended course in the English Language and its Literature, in History, in Science as applied to the useful arts, and in the French, German, Italian, and Spanish Languages.

The object of the Trustees in making these changes in the College course, is to provide in the University rull and complete opportunities for acquiring an education that will eltier, on the one hand, satisfy those whose tastes lead them to the highest cultivation of the Ancient Languages and their literature, of Physical Science, and of Pure Mathematics; or, on the other, to meet the wishes of those who desire to be fitted, by a thorough practical education, for an earlier epirance into active business life.

Circulars, showing all the details of the College courses, may be obtained, after September 9, from the Janitor at the University Building; and additional information or advice in regard to the election of studies will be given by the Provost in his from,

The tuition fees are thirty-five dollars per term, payable in advance, and the College year is divided into three terms, the first beginning on Monday the lifethinst.
